

Professional Development & Education at the NECE

The Advisory Board (see page 30) and speaker faculty ensure that the workplace ergonomics education offered at the NECE is the best available: workplace relevant, comprehensive, proven, and cutting-edge. Attendees can expect these and many other professional organizations and institutions to award continuing education credits and certification maintenance for their time spent at the NECE.

■ **The Official NECE Certificate of Attendance** will be awarded to all, noting the number of hours dedicated to the study of workplace ergonomics, safety and productivity. Attendees can use their certificate when applying for Continuing Education Units (CEUs), Certification Maintenance (CM), and Continuance of Certification (COC) points with their professional associations and institutions.

■ **American Board of Industrial Hygiene® (ABIH)** has approved the 2008 NECE for Certification Maintenance (CM) points. Certified Industrial Hygienists (CIH) who are certified by the ABIH will accrue .5 IH CM points per half-day at the NECE, for a total of 4.0 IH CM points available. When applying for CM points, use approval # 08-2100.

■ **The Board of Certified Safety Professionals (BCSP):** BCSP COC Points: Certified Safety Professionals (CSP) may claim 1 Continuance of Certification (COC) point when they participate in the full NECE program. CSPs should retain their NECE Certificate of Attendance as supporting documentation and refer to the COC Guide on the downloads page at www.bcsp.org for recertification details.

■ **Official Test Site: Board of Certification in Professional Ergonomics (BCPE).** Testing will take place at Caesars Palace, Las Vegas on December 1, 2008 allowing testing participants to attend the entire NECE Conference and Exposition December 2-5. For more information visit www.bcpe.org, call 360-671-7601, or email bcpehq@bcpe.org.

"This event holds great value for me. I found a lot of new products at the Expo, I take what I learn and share it with more than 140 coworkers on 16 teams. If I were to stay at the plant the only thing I'd get is one consultant's point of view, here I get multiple points of view in just a few days!"

*Jerry Palmer, Ergonomics Program Leader
UAW Safety Committee
General Electric*

NECE Conference Attendees Receive

■ **The Official Conference Compendium**

Your guide to the entire 4 days of the NECE contains every available note, slide and handout from every session and workshop. Compliments of Fellowes.

■ **NECE Tote Bag**

A great place to store your Compendium, Schedule of Events, and product literature you receive at the Expo. Compliments of Herman Miller.

■ **Official 2008 NECE Certificate of Attendance**

Documents your continuing education efforts, and can be used to apply for credits and certification maintenance points with your professional organization.

■ **Admission to the LARGEST Ergonomics Exposition in the U.S.!**

The largest Expo in our 14-year history will feature 1,000's of products and services, many of which will be introduced for the first time at the NECE! See pages 22 - 27 for details.

■ **Participation in the NECE Attendees' Choice New Product Awards**

All attendees get the opportunity to evaluate and vote for the best new products at the Expo.

■ **Coffee Breaks**

Join your fellow attendees for coffee each morning. Compliments of Details, a Steelcase Co.

■ **Admission to the Keynotes**

Come hear what's going on in your industry today, tomorrow and into the future at the 4th Annual State of the Industry Address, Keynote and Concluding Address!

■ **Email Stations at the Expo**

Remain productive during the NECE, come check your email during Expo hours. Compliments of Kinesis.

■ **Admission to the Networking Receptions**

Join exhibitors, speakers, and your peers on December 3, 5:30 to 6:30 PM compliments of Herman Miller, and December 4, 5:30 to 6:30 PM compliments of Show Management.

**PRIZE NIGHT –
Back by Popular Demand
on December 4 at the Reception!**
